MARCUS DALY, DEAD.

Close of the Career of the Famous Copper King.

WAS A NATIVE OF EMERALD ISLE.

For Years the Sworn Political Enemy Of Senator Clark of Montana. Patron of the Race Course and Owned Some Fine Horses.

New York, Nov. 12.—Marcus Daly, of Montana, died Monday at the Hotel, Netherlands. His death was expected for weeks. He came home from Europe about the middle of September, and soon afterward was obliged to take to the bed from which he never arose. His physicians informed the relatives some time ago that Mr. Daly could not recover, and they would give assurance of life only from day to day. Bright's disease complicated with a heart weakness was the cause of death.

At Mr. Daly's deathbed were Mrs. Daly, Marcus Daly, Jr., his son, his daughters, Mary, Margaret, and Harriet; the Rev. M. J. Lavelle; his attorney, William Scallon, of Montana, and two physicians.

Mr. Daly was conscious only at intervals Sunday. At 4 o'clock Monday morning he revived from a sinking spell and seemed more than ordinarily bright. He asked that his family be summoned. "Only a little while more—a little bit more," he said, when asked if he was better. The family came hastily and remained until the end. Death came so peacefully that physicians alone knew when it was all over. They said Mr. Daly was conscious until a few minutes before he passed away. The body was removed to the Daly home in Fifth avenue, and the funeral will be held from St. Patrick's church. The body will be held in a receiving vault until finally decided upon the place of final interment.

Marcus Daly was born in Ireland in 1842. He came to the United States early in life, and since 1876 has been a citizen of Montana. He became general manager of the Albee silver mine, and later came into control of the Anaconda copper mine. In politics he was a Democrat.

The Daly-Clark Fend.

The differences between Mr. Daly and Hon. W. A. Clark have attracted much attention. The trouble started years ago over some water rights near Butte which Mr. Daly wanted and Mr. Clark bought, forcing the other to pay a very high figure. Daly's opportunity for revenge came in 1888, when Clark was the nominee for delegate to congress. With his immense influence at Anaconda, Daly was able to throw a heavy vote to Carter, Clark's Republican rival, which had previously been east for the Democratic party.

At the first state election Clark was the Democratic nominee for representative in congress, and J. K. Tool for governor. The latter was elected, but Clark was defeated, supposedly owing to Daly's influence. Clark was then put forward by his party for United States senator. After a bitter contest the legislature was organized by both parties, each claiming to be legal. The Republicans named Thomas O. Power and W. F. Sanders for their senators, while the Democrats put up Mr. Clark and Major Martin Maginnis. The Republicans were seated. Daly's influence defeated Clark in a second contest in 1892. In that legislature the Democrats had 35 votes, the Populists 3 and the Republicans 33. The day Democrats, numbering 9, voted solidly for ex-congressman W. W. Dixon, and there was a deadlock for the entire session of 60 days.

The next fight between Daly and Clark was on the location of the state capital. Helena, Missoula, Bozeman and Anaconda were in the fight. Daly advocated the last named place. Clark at first favored Butte, but finally changed to Helena, and it was chosen. The senatorship again became the bone of contention between the two millionaires last January and Clark was elected. Daly had the validity of the election contested on the ground of bribery, when Clark presented his credentials to the senate. The contest resulted in the senate voting that there had been no election by the Montana legislature. This year Clark made a fight for the election of members of the legislature and won.

No mining property has achieved greater fame as a producer of dividends than the famous Anaconda. Originally bought as a silver mine, it became famous for its copper, and to it both Daly and Clark largely owe their large fortunes. Back in the seventies two miners named Hickey, from St. Lawrence county, New York, went to Montana. They selected a hill overlooking the little mining camp of Butte and began to sink their shaft. They struck

a fair vein of silver, but lack of funds made them stop work and offer to sell. Marcus Daly bought the property for \$35,000. He acted, it is said, as agent for J. B. Haggin, of California.

As the new owners ran their shaft down they opened one of the world's greatest copper mines, with silver enough to pay all expenses and having the copper as clear profit. Daly was superintendent and part owner of the great mine. He bought the adjacent properties. He founded the town of Anaconda, where he erected the greatest copper smelter in the world.

Daly had a passion for horses of blood and speed. He owned the \$40,000 colt Haburg, and also Tammany, Montana, Senator Grady, Gwendolin, Ogden and other famous winners.

TREASURY REPORT.

Big Figures Required in Uncle Sam's Business.

Washington, Nov. 12.—The annual report of the treasurer of the United States, Ellis H. Roberts, on the operations and conditions of the treasury, was submitted to Secretary Gage Monday. Mr. Roberts says the growth and prosperity of the country, and the general activity of business are reflected in the transactions of his office. The net ordinary revenues of the government for the fiscal year were \$567,240,852, the largest in the history of the country, exceeding those of 1896, the next highest, by \$47,291,283. The increase of \$51,280,232 over the preceding year was contributed from all the general sources, but chiefly from customs and internal revenue. On the side of expenditures there was a net decrease of \$117,358,368, in comparison with 1899, so that the deficiency of \$39,111,560 for that year was converted into a surplus of \$79,527,060 in 1900. The gross receipts under warrant, including those on account of the public debt, were \$1,387,299,262, and the disbursements \$1,195,943,472, a large decrease on both sides over the previous year.

With the exception of July, 1899, when there was a deficiency of \$8,509,832, a surplus was realized for every month of the year, that for June being the largest, at \$17,895,159. The largest receipts for a single day were \$5,199,513, February 26, 1900, and the largest expenditures, \$4,803,000, July 3, 1900. The largest surplus any one day was \$4,047,396, August 29, and the largest deficiency \$2,318,621, July 5, 1899.

New Records Made.

Los Angeles, Cal., Nov. 12.—At the opening of the Velodrome indoor bicycle track the world's 15-mile motor-paced record was beaten by Johnny Nelson, of Boston, who defeated H. B. Stone, of Denver, in a match race, his time being 29:45 1-5. Nelson's fastest mile was made in 1:34, breaking the track record. Gus Lawson, of Buffalo, won the mile professional handicap from scratch in 2:12 4-5.

Dined With the Queen.

London, Nov. 12.—Lord Salisbury, the marquis of Lansdowne and other cabinet ministers arrived at Windsor Monday, where the ministers retreating or changing offices surrendered the seals to the new officials and "kissed hands." After the function they lunched at the castle and returned to London by special train.

Beated Steamer Arrives.

San Francisco, Nov. 12.—The overdue British ship Anglesey, on which 20 per cent. reinsurance had been paid, has arrived here, 165 days from Swansea. Soon after leaving port she was in collision with the ship Bahama, but neither vessel was seriously damaged.

Angelo Ashore.

London, Nov. 12.—The Wilson line steamer Angelo, bound for Christiania, Norway, for Hull, is ashore near Withernsea, on the coast of Yorkshire. The coast guardsmen landed the 84 passengers. There was no loss of life.

Transvaal Horrors on Canvas.

St. Petersburg, Nov. 12.—The exhibition of Verestchagin's pictures just opened at Odessa includes several new works, among which is an allegorical painting portraying the horrors of the Transvaal war.

Inquest Adjourned.

New York, Nov. 12.—The inquest into the death of William M. Rice, the Texas millionaire, has been indefinitely adjourned at the request of Assistant District Attorney Osborne.

New Incorporations.

Columbus, O., Nov. 12.—Beer Bottlers' Mutual Aid Society, of Columbus; Marletta Building and Savings company, Marletta, \$400,000; Norwich United Presbyterian church, Norwich.

Copenhagen Needs Funds.

Copenhagen, Nov. 12.—A syndicate of Danish and Swedish bankers has begun negotiations with American bankers for a \$15,000,000 loan for the Copenhagen municipality.

WORK FOR CONGRESS.

Senator Hanna's For and Against Measures To Be Considered.

THREE GREAT BILLS TO COME UP.

Nicaraguan Canal, Increase of the Regular Army and Ship Subsidies Will Engage the Attention Of the Lawmakers.

Cleveland, O., Nov. 12.—Senator Hanna has returned here after a brief visit to New York. He expects to remain in this city until congress convenes. In discussing the coming session of congress, Mr. Hanna said: "Congress this year will have some very important duties to perform. Three great bills, the Nicaraguan canal bill, the army bill and the ship subsidy bill are all to come before it. The Nicaraguan commission will make its report early in the session, and the debate in the session will probably begin early. I presume there will be changes of some importance in the bill. It is reasonable to suppose that a lapse of several months has made a difference in the sentiment of the people on the bill, and a change in some of its main features will be the natural result. The Costa Rican treaty especially, involved us in considerable difficulty, and the Costa Rican government had to be consulted with."

When asked what measures would most interest himself during the session, Senator Hanna said: "I have no pet measures this year and will take no particular interest in any of the bills before congress. Perhaps I am as much interested in Senator Frye's ship subsidy bill as in any."

Increase of the Army.

Washington, Nov. 12.—Senator Proctor of the senate committee on military affairs and Adjutant General Corbin of the war department held an informal conference with the president relative to the legislation to be asked of congress in connection with the proposed increase of the regular army. Under the existing law," said Senator Proctor at the conclusion of the conference, "the present strength of the army, 65,000 regulars and 35,000 volunteers, will be reduced on the first day of next July to 27,000 regulars. This is an absurdly small number and congress will be asked by the president to reorganize the army upon a larger basis. It will be impossible to keep any troops in the Philippines unless the army is increased, to say nothing of the garrisons for the forts in this country. My judgment is congress will provide a regular army of about 55,000 or 60,000 men, with discretion to the president to raise the total to 100,000 if he finds the larger number necessary. I have no doubt that this legislation will be enacted at the coming session."

Will Not Contest.

Louisville, Ky., Nov. 12.—After a meeting of the Republican campaign committee, Chairman Leslie Combs gave out a statement, in which, after reiterating his charges of wholesale fraud on the part of the Democrats, he said: "There will be no contest over the gubernatorial vote. There is no tribunal to which we can appeal with any hope of an impartial hearing. It is not within the province of this committee to decide for the party or congressional candidates what is advisable with regard to contests for these electoral vote or congressional seats."

Election and the Philippines.

Manilla, Nov. 12.—The results of the elections in the United States have been quietly received here. So far as the Filipinos are concerned no noticeable change in the situation has ensued, nor is any likely to occur in the immediate future. They are for the greater part noncommittal. News of the outcome will slowly work its way through the country to the armed insurgents, where the assurances of the leaders that Mr. Bryan would certainly be elected must first be overcome.

Bryan Will Be There.

Jacksonville, Fla., Nov. 12.—Democratic Governor-elect William S. Jennings has been informed that his cousin, William J. Bryan, will visit him at his home in Brooksville, Fla., and be present at the inauguration at Tallahassee on the first Tuesday in January.

Business Reasons.

Elgin, Ills., Nov. 12.—John A. Russell of Elgin, who is home on a vacation, has given in his resignation as attorney general of Porto Rico on account of personal business that demands his attention.

Ira Shaw, in jail at Springfield, O., on charge of incest with daughter Mabel, 15, also accused by two other daughters of same offense.

HOTEL HILLOUS.

Guests Caught Like Rats in a Trap and Several Perished.

Poplar Bluff, Mo., Nov. 12.—A fire, accompanied by a terrible fatality occurred here Monday morning, resulting in the total destruction of the Gifford house, a large three-story frame building. The list of known dead is as follows: Heck Clark, Donphan, Mo., and Rebecca Owens, Shelby Derhart and Curry Berry, of Poplar Bluff. Etch Hargrove of Poplar Bluff, and Winslow Stowe, of Tennessee, are fatally injured. Eugene Dalton, Hot Springs, is missing.

The following were badly burned or injured in jumping from windows: Barney Pernand, of Desoto, Mo.; Chas. Stradley, Mrs. Benjamin, Pink Barry Elmer Freshair, F. A. Smith and Jas. Upchurch, all of Poplar Bluff. An unknown woman is also thought to be fatally injured and about a dozen more were slightly burned or received bruises in escaping from the building.

The fire originated in the rear of the hotel, and in a few minutes the building which was entirely of wood, was a mass of flames. There were in the neighborhood of 45 guests in the building. The porter the only person awake in the hotel, was unable to give the alarm, the smoke and flames driving him back. The guests on the second and third floors were caught like rats in a trap, the fire preventing their escape by the stairs, and they leaped from the second and third story windows. A number of the guests were not registered and their names are unknown. Every room in the house, 45 in number, was occupied. The Gifford house was one of the oldest hotels in southeast Missouri. Proprietor W. P. Norrid and his wife escaped, but lost all their possessions.

Needs of the Navy.

Washington, Nov. 12.—In the report of Admiral Crowninshield, chief of the navigation bureau, the startling statement is made that the personnel of the navy would form barely one-fourth of the total establishment to fit a first-class European power. It barely sufficed for the Spanish war, and no longer can be considered, the report says, as an effective nucleus about which a larger establishment could be formed in case of war. The admiral regards this need of the navy for officers and men as most urgent. He says that the bureau can point to many cases where the service is being harmed by lack of officers. The naval academy is suffering for want of instructors and the present high standard of training can not be maintained. Every bureau in the department is short of officers, and the service, the report predicts, soon will fall behind in the struggle, first, for leadership, and then for equality with the other services. The disability of the sea-going corps of officers has greatly increased since the Spanish war and many of the best officers are being lost as a result of breaking down from overwork.

Impatient Army Or'er.

Washington, Nov. 12.—An order was issued from the war department to discontinue the department of Porto Rico Dec. 15, and attach Porto Rico and the adjacent islands to the department of the east. A battalion of the Eleventh Infantry and a squadron of the Fifth cavalry will be ordered to New York soon and assigned to duty elsewhere. Brigadier General George W. Davis, United States volunteer, who is in command at Porto Rico, will repair to Manila for service in the Philippines. This order leaves in Porto Rico the native regiment of 850 men, a battalion of the Eleventh Infantry and batteries F and G of the Fifth artillery. These troops will be under the command of Lieutenant Colonel James A. Buchanan, who is now in command of the native regiment. It is quite probable that the troops, which are ordered from Porto Rico may in time be sent to the Philippines.

Millionaire's Mind Muddled.

Chicago, Nov. 12.—W. F. Millick, who says he is from Helena, Mont., was forcibly removed from the Auditorium Annex and will be held pending investigation into his mental condition. Millick has been stopping at the hotel several days. His eccentric actions have attracted the attention of the management. Millick went into the dining room and ordered a "breakfast for \$200." Millick became violent when asked for a more definite order, and the police who were called arrested him after a struggle. Millick claims to be a stockman worth \$2,000,000.

Chicago, Nov. 12.—The interior of the old Lyric theatre was badly damaged by a fire supposed to have been of incendiary origin. At the time 10 or 12 persons were sleeping in the building and were forced to make their escape in their night clothing. Several firms located in the building suffered small losses from smoke and water. The total loss is \$10,000.

VALE, HENRY VILLARD

Noted Financier Passes Through the Portals of Eternity.

PROMOTED RAILWAY ENTERPRISES.

Twice Experienced the Rise and Fall Of Capitalists Fortune—Gained an Honored Name as Political Writer and War Correspondent.

New York, Nov. 12.—Henry Villard, the railroad magnate and financier, died at his summer residence at Doubbs Ferry. Mr. Villard had intended to return to New York about the middle of last month, but his condition was so precarious that his physicians advised him to remain at his country home until he gained more strength. A week ago he caught a heavy cold and since then his condition gradually became worse. When he died Mr. Villard was surrounded by the members of his family, including Mrs. Villard and his two sons, Oswald and Harold Villard. He had been unconscious for two days. His death, it is said, was caused by cancer of the throat. The funeral will take place Wednesday.

Henry Villard was born in rehrich Hilgard, in Speyer, Rheinisch Bavaria, April 11, 1835. His great uncle, Theodore (father of Julius Hilgard, who became superintendent of the United States coast survey), led a migration of the family connection to Belleville, Ills., in 1835. His father, Gustav, was in the judicial service of the Bavarian government and became judge of the supreme court at Munich.

Young Hilgard was educated at schools in Zweibrücken, Phalsbourg and Speyer, but in October, 1853, broke off his university studies and set out for the United States, intending to join the colony of his relatives at Belleville. His father's opposition to this step made him borrow the surname of a French schoolmate at Phalsbourg, and he became Henry Villard.

Arriving at Belleville, he became a newspaper reporter and continued in the profession until 1868. During these years, he served as a legislative correspondent for Indiana and Illinois; a political reporter, reporting the Lincoln-Douglas debates; the Chicago convention which nominated Lincoln, the Lincoln campaign and later as a war correspondent and a European correspondent. The papers he served in this period were the Cincinnati Commercial, the New York Herald, the Chicago Tribune and the New York Tribune, and part of the time he was at the head of news bureaus at Washington. Early in 1881 Mr. Villard acquired the New York Evening Post and the Nation.

In January, 1866, in Boston, he married Fannie, the only daughter of William Lloyd Garrison. In 1868 he was chosen secretary of the newly-founded American Social Science association, having its headquarters in that city, and did not finally relinquish the post till 1871. It was in 1871 while on a visit to Europe, that Mr. Villard began his railroad career. He formed a connection with Frankfurt and Berlin bankers, and in 1873 returned to the United States, buying for the German bondholders the property of the Oregon Steamship company, being made president in 1875. He acted as one of the receivers of the Kansas Pacific Railroad company, and later bought up the bonds of the road. He became interested in the Oregon Steam Navigation company and the Oregon Railway and Navigation company, of which he became president, and then formed the Oregon and Transcontinental, with which he merged the two other companies to a so-called blind pool with the Northern Pacific, being chosen president of the latter company. A few years later the companies in which he was interested became so involved that there was a collapse, in which Mr. Villard suffered very heavily. Returning to Germany he formed new financial relations, which enabled him to repair his fortune, and coming back to this country he started in once more as a capitalist. In 1890 he purchased from Thomas Edison his electrical manufacturing interests, and with the Edison Lamp company of Newark, N. J., and the Edison works at Schenectady, N. Y., as a basis, organized the Edison General Electric company, of which he became president, serving in that capacity about two years. In October, 1889 he became chairman of the Northern Pacific board of directors, but the panic of 1893 again occasioned the loss of most of his fortune, and led to his withdrawal from railroad management.

Buller at London.

London, Nov. 12.—General Buller, accompanied by his wife and daughter, arrived here Monday and reported to the war office. Large crowds assembled at the Waterloo station and in Pall Mall and cheered the general.

To the Democrats of Mason County.

Pursuant to the provisions of the new party law adopted at the State convention June 11, 1900, the Democrats of Mason County are asked to assemble in mass convention at the usual voting place in their respective precincts on Monday, November 19, 1900, at 1 o'clock p. m. and select a committeeman to represent the precinct in the Democratic organization for a period of four years.
 Further, the committeemen selected by said mass conventions are requested to meet in the parlors of the Central Hotel on Monday, November 26th, at 11 o'clock a. m. and select a Chairman and Secretary of said committee, who may or may not be members of the committee.
 Respectfully,
 T. D. SLATTERY, Chairman.

Giving Judge Pugh every vote he claims in this district, and Mr. Kehoe still has a clear majority of about 125.

Mr. YERKES polled about 2,300 votes in Bourbon County, and of these over 1,300 were cast by colored people. But Mr. Yerkes congratulates himself and says he was supported by the "better element." The Paris Kentuckian says his statement is ridiculous.

TALKING about throwing out the vote of any precinct, the Republicans seem to forget that they themselves set the precedent for such work. They have very short memories. What about the LaRue Thomas vote that was thrown out by that Boyd County Republican Canvassing Board in 1896? And that wasn't done under the Goebel law, either.

THE truth is coming out now that the election is over. Peace is not in sight in the Philippines, says General McArthur, and of necessity a large naval and military force is needed to carry on our war of "criminal aggression." This calls, of course, for an increase in our standing army. Senator Proctor says that Congress will be asked by the President to re-organize the army upon a larger basis. "It will be impossible to keep any troops in the Philippines," he says, "unless the army is increased, to say nothing of the garrisons for the forts in this country." "My own judgment," he adds, "is that Congress will provide a regular army of about 55,000 or 60,000 men with discretion to the President to raise the total to 100,000 if he finds the larger number necessary." But the country voted for McKinley's policy, and our Republican friends will of course see that he has all the army and navy he wants. The people will have to foot the bill, though.

THE Kentucky Treasury is exhausted. The State owes county teachers 60 per cent. of the funds due to the school districts of the State. It has only paid them 20 per cent. The condition of the treasury was kept a secret by the Democratic officials till after the election.—Public Ledger.

The Ledger will persist in its chronic habit of misrepresenting things. The State school fund is not the Kentucky treasury—it is only a portion of the public funds, and because there is a deficit in the school fund is no justification or excuse for the statement that the "treasury is exhausted." As to the depleted condition of the school fund, everybody knows it was brought about by the last Republican administration. The State Superintendent only last week was compelled to take over \$60,000 out of this year's school fund, and pay to the schools of Louisville under a per capita fixed by the last Republican State Superintendent, who, simply to make a showing, fixed the per capita higher than the fund justified, and thus created a debt which the Democratic administration is now paying.

Spread Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling medicine I have handled in twenty years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. Jas. Wood & Son, druggists.

THE KENTUCKY IS QUEEN.

The Pride of the Navy Breaks All Records on Her Run to Gibraltar—A Great Fighter.

CHICAGO, Nov. 9.—A New York telegram to the Chicago Times-Herald says: The Queen of the United States Navy is now Uncle Sam's splendid battleship Kentucky. She is the big beauty that went under the Brooklyn bridge one night not long ago when the moon was high. There was a car blockade and hundreds of people watched the great fighting machine as she slowly drifted under the bridge. Everybody knew that she was a war vessel, but none knew her name. She was hailed: "What ship are you?" The answer came from a group of men in the fighting top, and it ran: "She was bred in old Kentucky, Where the meadow grass was blue. Hundreds of cheers sounded and the great battleship went on down the Narrows, her jackies still singing.

And now comes the news from Gibraltar that the Kentucky has broken all long-distance records for warships. Even the Oregon's marvelous performance during the Spanish war must take a back-ground when the knot question is considered, for the Kentucky has beaten her. The Kentucky left New York October 26, and, therefore, made the trip to Gibraltar in just twelve days. From Sandy Hook to the big rock is about 4,000 miles, and the Kentucky, therefore, made a speed averaging fourteen knots all the way across.

For a warship the officers of the Brooklyn navy yard say this performance is marvelous, as the trip, when made by the big ocean greyhounds of the Hamburg-American Line, consumes at least eight days. The Kentucky in making the distance in twelve days under natural draught proves herself to be more than her builders claimed for her, when it is taken into consideration that the liners are under forced draught the entire distance.

The Oregon, on her voyage around the Horn, maintained a sea speed of fourteen and one-half knots an hour, for until after the performance of the Kentucky was made known the Oregon held the record for rapid transit among fighting ships.

"The pride of the navy," as the Kentucky may now be entitled, is probably more destructive than any other warship thus far launched.

On her forward and aft deck she carries a double turret, on each side of which are mounted two thirteen-inch guns. A single blow from these guns would disable, if not sink, the stoutest man-of-war that sails the ocean. From how and stern the new boat can fire a thirteen-inch gun at one and the same time.

The pushing power of the new ship is enormous, and it is evident from her present performance that her machinery is A1. She has two screws, two funnels abreast, two sets of vertical triple-expansion engines, ten boilers, six of which are double and four single ended. Her coal capacity enables her to sail 6,000 miles at the rate of ten knots an hour. Navy men say she pegged along across the Atlantic at the rate of fourteen knots, a mighty pace for her 11,525 tons displacement.

FAIREST EVER HELD

In Kentucky, Says U. S. District Attorney Hill, of the Election Last Week.

[Courier-Journal.]

United States District Attorney R. D. Hill Friday said that, so far as he had been able to learn, the election last Tuesday was one of the fairest ever held in the State. Many complaints have been brought and sent to him from all parts of the State, but from the information he had received, he believed that the greater part of the alleged frauds had been merely the result of ignorance on the part of election officers.

Unless additional evidence should be brought forward, the only cases of alleged violations of the United States statutes on elections which Mr. Hill will bring before the grand jury on November 26th are those of Breathitt County. In some precincts in that county the Republicans claimed the Democratic officers refused to allow the Republican inspectors to enter the polls during the counting of the vote, although the Democratic inspectors were admitted without question. Although no incriminating evidence against any of the election officers of this county has been secured, the matter will be investigated by the grand jury.

THE H. E. POGUE DISTILLERY CO.

During the year 1901 the Pennsylvania railroad will add 200 new locomotives to the company's motive power. Of this number all but about forty will be built at the Juniata and Altoona shops. It is estimated that the average cost of the locomotives will be \$13,000 each, or \$2,600,000 for the bunch. More than half the engines will be for freight service.

The annual banquet of The Kentucky Club of Chicago will be given November 27 at the Grand Pacific Hotel, that city. The speakers will be the Hon. Henry Watterson and Congressman Evans, as well as several other prominent Kentuckians. The banquet will be followed by dancing, and all members look forward to a very enjoyable evening. Kentuckians and their friends desiring tickets may procure same by addressing Mr. Wm. Sherrill, Secretary, 709 New York Life Building.

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call on J. Jas. Wood & Son, druggists, and get free a trial bottle. Regular size 50 cents and \$1. Every bottle guaranteed.

BEAUTIFUL

Underwear!

When you claim you wouldn't take the trouble to make an undergarment for 10 to 50 cents when you can buy them here ready made for that sum, you also ostracize from home sewing the higher priced garments, because you know if the cheaper garments cost just in raw material what we ask for them ready made the same ratio of value attaches to the higher grades. For instance; when you buy the soft fine long cloth, handsome embroidery and lace of which our \$1 nightgowns are made you'll find you've paid out that sum and still have the tedious sewing in prospect. Months ago these dainty garments were bargained for. They were all made for us. Every piece. They are from the largest, cleanest, best factory in America and we can advise you the quality of the goods is so high and the prices so low they do not touch each other. Every day a bargain day and everything a bargain.

Rev. Augustin J. Smith and wife arrived last evening and are guests of Major and Mrs. T. J. Chenoweth. Mr. Smith is the new rector of the Church of the Nativity, and comes from Winton Place, Cincinnati, where he has had charge of a church the last five years. A reception in honor of the new rector and his wife will be held Thursday evening at the church parlors.

Attention is called to the advertisement of Dr. W. H. Hord, of Orangeburg, in this issue. On Nov. 24th, he will sell a farm of fifty-five acres on the Taylor Mill road, and a lot with store-house, dwelling and stable in Orangeburg. He will also sell a lot of finely bred horses and other live stock at same time. Among the horses to be sold is the fine stallion Nordeck, said to be one of the best gaited horses that Mason County has ever produced—if not the best. Nordeck, it is conceded by all well posted horsemen, will go a mile in 2:10 next season. See advertisement for full particulars.

The Difference in Cost

Of thoroughly good fashionable and serviceable Clothes and Shoes as bear our label and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore we thoroughly endorse and guarantee all goods we sell, and say, "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our experience as well as yours has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds they are really the cheapest kind in the end. Our leaders in clothes are Stein Bloch Co., Adler Bros. & Co., the best brands in the country.

In Shirts, [the Manhattan; Hanan Shoes and Stetson Hats. All of these are the highest class of merchandise in their respective lines.

"A POOR RELATION."

Mr. Frank Keenan To Be Seen Again In Maysville in Sol Smith Russell's Great Play.

Mr. Frank Keenan who will appear here next Monday evening in Sol Smith Russell's great play, "A Poor Relation," is supported by one of the most evenly balanced and finest companies ever seen outside of New York City. The company includes such names as: Miss Maud Abbott, who was last season with Viola Allen in "The Christian," Miss Mathilde Welling, who played the "Adventures" with Tim Murphy in "The Carpet Bagger," Miss Katherine Dooling who has for the past two seasons been creating the soubrette roles in nearly all the New York productions; Miss Fannie Barry Sprague, daughter of the famous Helen Barry, of the Boston theatre and one of the most powerful actresses on the stage to-day; George B. Miller who has been for three seasons playing leading heavies in Charles Frohman's productions; Geo. R. Sprague, the well known character actor, who has been in nearly all of W. A. Brady's productions; John Cumberland who was last season with Richard Mansfield in "Cyrano de Bergerac" and Marcus Moriarty, stage manager for two seasons with Julia Arthur. The company is under the management of Mr. Fred G. Berger. People who saw Mr. Keenan in this grand play last season will be glad of another opportunity to witness the performance.

TO MEET IN MAYSVILLE.

Annual Session of the Women's Foreign Missionary Society of the Kentucky Conference.

Mrs. C. W. Durham, Secretary of the Kentucky Conference, Women's Foreign Missionary Society, announces—

"The annual meeting of the Maysville district will be held at Maysville, beginning Wednesday evening, November 21st, with prayer and praise service, continuing through Thursday, closing Thursday evening with the evening service."

Each society, whether adult, young people's or children's, is urged to send names of their delegates to Mrs. A. E. Cole, Maysville, Ky., so that homes may be provided for them as soon as possible.

"Hello Bill," To-night.

Legitimate comedy will be the offering at the opera house to-night. "Hello Bill" will be the attraction, and while it is new to this city, it has successfully run the gauntlet of criticism in nearly every other important city in the country. As its title implies, "Hello Bill" is a comedy; not one of the idiotic slapstick variety; not a series of specialties strung together without rhyme or reason, but a pure comedy of complications, something between the late Augustin Daly's farcical productions and Charles Frohman's "Jane." It is ingeniously constructed and its lines are bright and pithy. At no time does it descend to vulgarity, and it stands to-day one of the very few absolutely clean comedies. Seats on sale at Nelson's.

55 ACRES

of land, on the Taylor Mill road, with good house and orchard on it, well watered with three good springs. Also one lot in Orangeburg, Ky., with dwelling, store house and stable on it, all well improved.

The live stock consists of the fine stallion Nordeck, seven years old, trial 220, only trained this season, by Norval, 2:14; first dam by Alexandra, 2:26; second dam the dam of J. Q. 2:17; Bourbon Blue Jeans, a fine saddle stallion by the great Blue Jeans; first dam by Coons' Hal-corn mare, second dam by Dillard Dudley. This is a great combined stallion and breeder.

One Jack, ten years old, one of the best breeders in the State. I will refer you to E. R. Davis and Alexander Calvert.

One yearling Jack, fifteen hands high and took first premium at the Maysville fair for finest individual.

One four-months-old Jack, with a mother sixteen hands high, good form and body.

One 4, by Post Boy, registered; safe in foal by Jay Bird.

A four-year-old bay Mare by Oakland Baron, 2:09, and a trotter from the heart.

One five-year-old harness and saddle Mare, and can be surpassed in Kentucky for her practice.

If you want a show mare come and see her.

One bay Mare, three years old in spring, by Nordeck, first dam by Blind Barney Wilkes, second dam by Post Boy. Also one yearling filly by Nordeck.

A four-year-old Gelding, by Nordeck.

Two Geldings, three years old in spring, by Nordeck, with good dams.

Three yearling Geldings, by Nordeck.

Three yearling Cows, by Nordeck.

Eight two-year-old Cattle, led corn for two months, good quality, weigh 1,350 and fat.

Twelve yearling Steers, will weigh seven or eight hundred pounds, and good quality.

Eight weanling Steers, good quality.

Three good milch Cows.

Six good Jennies, good quality, young, and safely in foal.

Two good work Mules, well broken to single line, and four years old.

Five head of hogs. Three pointers and a setter dog.

This stock is as fine and as highly bred as any to be found in Northeastern Kentucky, and ranks with the best in Kentucky. It will pay you to attend the sale. My only reason for selling is I have more stock than I want.

Terms: Twelve months time, note required with approved security, without interest until after maturity.

Parties desiring to purchase are invited to call and examine property. DR. W. H. HORD,

Orangeburg, Ky.

Questions for Women

Do you have periodical pains? Do you have frequent backaches? Are you nervous? Are you continually exhausted? Do you suffer every month? If you answer "yes" to any of these questions you are suffering from ill which Wine of Cardui cures. Do you appreciate what perfect health would be to you? After taking Wine of Cardui, thousands like you have realized it. Wine of Cardui insures freedom from female diseases. At each recurring menstrual period, if care be not taken, slight ailments will appear. Nervous strain, loss of sleep, cold or indigestion start disorders which are not noticeable at first, but day by day steadily grow into troublesome complications. Wine of Cardui, used just before the menstrual period, will keep the female system in perfect condition and render it invulnerable to disease. The medicine is taken quietly at home. There is nothing like it to help women enjoy good health. Wine of Cardui costs only \$1. Test this remedy, which is endorsed by 1,000,000 cured women.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

An Opportunity to Purchase a Gun or Rifle at a Special Discount!

We believe it is an established fact that our house carries a larger stock of Guns and Ammunition than any similar establishment in Northeastern Kentucky. We sell lots of Guns, and, anticipating a heavy demand this season, bought more than usual, consequently the opening of the hunting season finds us with a larger stock of Guns and Rifles, both in the fine and cheaper grades, than ever before in the history of our house. Like other merchants, we don't want to carry over any more stock than necessary, so have decided to make a special offer for this week, in order to start the ball rolling. We will not name figures, but promise **A DECIDED CUT IN PRICE ON EVERY GUN IN STOCK FOR ONE WEEK.** Anyone who has even the remotest idea of purchasing should come in and interview us about the matter. This special offer will positively be withdrawn after the 17th instant, so take advantage of it while it lasts.
